Neptun course registration deadline: February 23, 2025

Registering for every course on Neptun is the students' obligation and responsibility.

Remarks:

DECLARATION: By signing this form I declare that the above list is identical to the list of courses I registered for on Neptun in the second semester of the academic year 2024/2025. I understand that I am obligated to fill in a new course registration plan in case I make any modification to my course registration on Neptun. I declare to understand that this current document is NOT a course registration request and that I have to register for every course on Neptun regardless of what I put on this document. I also declare to understand that it is my responsibility to check for the preconditions of the course(s) I put on this plan, and that I am responsible to register for every compulsory subject—including both its lecture and its practice(s)—in the appropriate semester as per the curriculum. I understand that I am recommended to begin my examination period by first passing the examination course(s) I am registered for in the semester.

I am eligible for a 50% reduction of my tuition fees that I hereby request by checking this box:
