

Information on the health care of students studying in the

Foreign Language Programs of the University of Szeged
Faculty of Medicine, Dentistry and Pharmacy

- **General provisions**

A general health insurance valid for Hungary is a requirement for registration for each semester at the University of Szeged. The insurance needs to provide full coverage for all eventualities, therefore eg. life or accident insurances are not acceptable.

- **Types of insurances accepted by the University**

- **Generali-Studium Insurance**

The Generali Studium Insurance is included in the tuition fee for 1st year students, upper year students can contract it at the Foreign Students' Secretariat. It costs 34 000 HUF / semester.

The STUDIUM health insurance – valid in Hungary - provides full coverage for the costs of justified medical treatment, 50% of coverage of the costs of medicine and therapeutic aids.

The **Terms and conditions of STUDIUM service financing health insurance** are also displayed on the Notice Board in the Secretariat's premises.

Note that **there are exclusions and cases of relief** related to the insurance coverage in which cases the Insurance Company does not cover the costs of treatment (eg. medical treatment arising from the consumption of alcohol and drugs; treatment related to the consequences of illnesses existing, known prior to the commencement of the insurance or earlier; health care services relating to pregnancy or child birth; psychiatric and psychotherapy treatment; dental treatment - except for acute and emergency cases and the consequences of accidents etc.).

For details please read the Terms and Conditions carefully!

Costs of medical care received at the University clinics generally do not have to be pre-financed, however if treatment was not justified or falls into the exclusions, the student has to pay for the costs of treatment on spot. In case treatment was justified and the clinic required immediate payment, the costs will be reimbursed by the Financial Department of the Clinical Center in cash. Costs of medicine will be reimbursed regularly during the insurance period by the Insurance Company by bank transfer.

All invoices (treatment and medication) have to be submitted at the Foreign Students' Secretariat.

- **International Health Insurance**

International health insurances are only acceptable if they offer full coverage in Hungary. The insurance is usually contracted in the student's home country.

The costs of medical treatments have to be paid by the student. Refund of the costs is to be claimed retrospectively from the student's insurance company.

- **European Health Insurance Card (EHIC)**

According to the European Union law, citizens from EEA countries are subjects of free medical care (or at reduced cost) in emergency cases or if treatment becomes necessary during their visit abroad (for example, due to illness or an accident), provided they have a valid European Health Insurance Card (EHIC) at hand from an EEA member home country.

The EHIC can only be used in the framework of public health care provision. Medical treatment is only offered by surgeries contracted with the Országos Egészségbiztosítási Pénztár (OEP).

- **Primary care**

Students have to turn to the designated health care provider, or in case not a GP but a specialist needs to be consulted, they can turn directly to the clinic concerned (a referral from a GP is not necessarily needed).

1. For students holding a Studium insurance or international health insurance

Address:

I. sz. Rendelőintézet (SZTK)

6722 Szeged, Tisza Lajos krt. 97. elevated ground floor, room 21-22

(corner of Tisza Lajos krt. & Szentháromság u.)

Physician in charge: Dr. Krisztina Pál

Registration in advance is obligatory.

To register CALL +36-70/439-9280 (Dr. Krisztina Pál) from 7:00-19:00 on workdays only.

You will get a personal appointment by calling this number. You have to present your insurance card and student card as well. The consultation is available only in English. **If you do not register by phone, the consultation cannot be guaranteed.**

Regular GP Reception hours:

Monday	13:00 – 15:00
Tuesday	13:00 – 15:00
Wednesday	09:00 – 11:00
Thursday	13:00 – 15:00
Friday	08:00 – 10:00

In cases of urgency you can consult your GP outside the regular reception hours (between 8:00 – 16:00). You need to ask for an appointment via phone: **+36 70 439-9280**

- **Evening medical care**

On weekdays from 19:00 to 7:00 and at weekends:

Physicians in charge: +36-70/439-9279 (Dr. Dóra Földeák)
+36-70/439-9278 (Dr. Ágnes Bereczki)

You can consult health problems with physician via phone. You will get useful advices how to resolve problems at home. If specialist or examination is needed, you will be asked to visit secondary care units. In these situations physicians will inform the staff of special departments

2. For students holding a European Health Insurance Card

Primary care is provided by the general practitioner designated to the district of residence.

In case of urgency, also students holding a EHIC card can turn to the University Doctor (Dr. Krisztina Pál). However, students holding a EHIC card need to pay a fee of 6 000 HUF / consultation for the medical treatment received there. See the contact details of the designated University Doctor in point 1.

- **Secondary care**

Secondary care of **all students** (regardless of the type of insurance) is provided at the clinics of the Albert Szent-Györgyi Clinical Center. Students can turn directly to the clinic concerned; a referral from a GP is not necessarily needed.

In each case students need to contact the central reception first (BETEGFELVÉTEL).
